

## PRODUCT DESCRIPTION

The GEO pendant light is a captivating addition to any modern or contemporary space with its sleek, geometric design. The GEO's unique shape adds a touch of contemporary flair, with the black brushed finish exuding elegance, and the gold accents offering a touch of warmth and sophistication. Alternatively, a bold all-gold finish is also available.

The GEO utilizes a standard E27 lamp holder, offering flexibility to personalize your lighting with a variety of bulb options (max 60w). Whether you prefer a warm glow or a bright, focused light, the GEO can adapt to your needs.

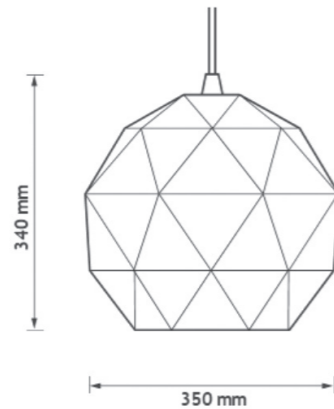

Hang the GEO alone for a striking focal point or create a cluster for a dramatic and stylish statement.
