

VEGA

830 White

PRODUCT DESCRIPTION

The VEGA LED is a single sided exit sign luminaire utilising high quality LEDs to provide energy savings and extended life expectancy.

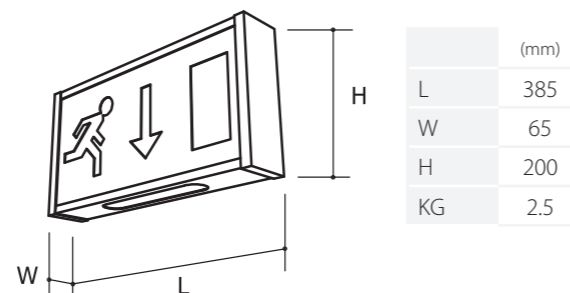

The flame retardant polycarbonate legend panel is enclosed by a fabricated steel body finished in white powdercoat as standard. Central BESA entry and keyhole slots to simplify installation.

Suitable for corridors, exits and escape routes in industrial, retail and commercial applications.

FEATURES

-  Ingress Protection
IP20
-  Colour Temperature
4000k
-  Legend Viewing Distance
36m
